Term And Condition

We care about your privacy. Please indicate if we may collect and use data we gather from your use of the Autodesk Training Evaluation System and from completion of course, project, and event surveys. We collect and utilized advanced data analysis about your use of the Training Evaluation System. This help us build better applications to support your learning experience. To ensure our email communications regarding your scheduled courses and your certificates of completion are relevant to you, we collect and analyze data from your completed course surveys. All data analytics are reported to the Autodesk Learning Partner who delivered your training course.

Agree to receive survey requests from Autodesk regarding training courses you have completed or events you have participated in?

Yes No

Agree to collection and analysis of your feedback from training evaluation surveys you complete and submit?
